

# NASHVILLE ROAD COMMUNITY CHURCH

WEEKLY ENEWS FOR SUNDAY, MARCH 13TH, 2016

If what we are and what we desire most as human beings could be distilled into one word, I think that word would be 'love'. We talk about it, we sing about it, we write about it, we fantasize about it and many would do just about anything to find it. We are confused about it and yet we idolize it. It seems to be the most consuming longing of the human heart. So why is life broken without it? Could it have anything to do with Jesus' words, "it is finished"? What did Jesus mean when he spoke those haunting words from the cross? What was finished? Is there any connection between his words and humanity's longing? Let's look behind those words and see if we can discover something of humanity's need fulfilled. It may be that this heart wrenching cry from the cross reveals more of what we were created for than we realize.
